Hello,

The US EPA has prepared the following information resource:

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>
Regular updates will be posted as they are available.
EPA Hotline: 844-607-9700 (toll-free)

Comments: Our company (www.fftinc.ca) would like reach out to the EPA for an opportunity and discussion surrounding the recent spill into Cement Creek. We are on Stantec's vendor list, with scalable equipment to treat 6.3bbl/min 24/7. Can you please provide further information on vendor selection process.
